

**Volunteer Center
OF SONOMA COUNTY**

The heart of the community

The Volunteer Center matches prospective volunteers with local nonprofit agencies to help them meet their needs. In addition, we operate a multitude of programs and events that touch everyone in our community, from students to elders, and individual volunteers to businesses and nonprofits of all sizes.

With the help of our generous supporters, we are making a difference every day for thousands of Sonoma County residents. We take pride in the fact that the greater Santa Rosa area has been ranked first statewide in volunteerism, according to a recent report by the Corporation for National and Community Service.

Volunteers serve in a variety of ways through these and other programs:

- ♥ 2-1-1 Information & Referral Service
- ♥ RSVP
